bottled wine available

Dear Victory Cafe Customers,

As the impact of COVID-19 grows, we think it is important that you hear directly from us about the mitigation efforts we have enacted to reduce the risk to you and our employees.

Our focus remains on the health and safety of our employees and customers, while doing our part to restrict the spread of the disease. We know it is critical for us to be transparent with information, and to be as proactive and reactive as we can be.

We have reinforced our standard cleaning procedures, while adding increased frequency measures for things such as wiping down all touch points, counters, tables, condiment areas, drink stations, door handles and register terminals. These enhanced sanitizing procedures were implemented more than two weeks ago. We also continue to reinforce our policy for reporting illness and employees are also directed to stay home should they feel ill.

This situation continues to change daily and as such, we will continue to follow the guidance as provided by Health Canada and local health departments, Our priority is to help keep our employees, customers and the community safe.

Thank you for your continued support and patience as we navigate this challenging time.

Sincerely,

Victory Cafe
